Subcriterion: 1.1 Curricular Planning and Implementation	**Lead Officer: Dr. K. S. Murthy, Dean Academics**	**Approved Date: 2024-06-10**

EXECUTIVE SUMMARY & ACCREDITATION SCOPE

Joint Board of Studies minutes and curriculum revision document detailing adoption of Autonomous R22 regulations and emerging technology courses.

Section 1: Board of Studies Meeting & Curriculum Modernization

The Joint Board of Studies meeting approved the revised Autonomous R22 curriculum framework, introducing 18 new emerging technology electives in Generative AI, IoT for Agriculture, and Electric Vehicle Architecture.

The academic regulations mandate minimum 20% course credits delivered through experiential laboratories, project-based design challenges, and open-source contributions.
