Faculty Development & Pedagogical Empowerment Report 2024-25

Institution: Vidyapath Institute of Technology (VITEC) | Academic Year: **2024-25** | Department: **IQAC**

Document ID: DOC-ACCR-003	**Criterion: Criterion 6**	**Status: ACTIVE**
Subcriterion: 6.3 Faculty Empowerment Strategies	**Lead Officer: Dr. Rameshwar Rao & Faculty Welfare Committee**	**Approved Date: 2025-05-12**

EXECUTIVE SUMMARY & ACCREDITATION SCOPE

Comprehensive register and impact assessment of faculty development programs, pedagogical workshops, industry internships, and professional development support in 2024-25.

Section 1: Institutional Faculty Development Framework

Vidyapath Institute of Technology recognizes that faculty excellence directly drives student academic attainment. The Faculty Welfare and Empowerment Policy mandates regular participation in national and international training programs.

The institution provides full financial sponsorship covering registration fees, travel grants, and paid duty leave for approved faculty empowerment activities.

Section 2: Advanced Pedagogical Enhancement Workshops

A 5-day residential workshop on 'Active Learning Strategies and Outcome-Based Curriculum Delivery' was conducted in collaboration with National Institute of Technical Teachers Training and Research (NITTTR), Chennai.

Thirty-two senior and junior faculty members completed hands-on capstone modules on rubric formulation and bloom taxonomy question mapping.

Section 3: Faculty Development Activities

The institution conducted 18 faculty development programs during 2024-25, with 126 faculty participation records. These programs covered advanced pedagogy, outcome-based education, artificial intelligence applications, and high-impact research methodologies.

Detailed department breakdown confirms: 6 programs conducted by Computer Science and Engineering, 5 programs by Electronics and Communication, 4 programs by Mechanical and Civil Engineering, and 3 interdisciplinary programs by IQAC.

Sl No	Program Title	Dates	Participants	Sponsoring Agency
FDP-01	Generative AI in Modern Engineering Pedagogy	July 8-13, 2024	24 Faculty	AICTE ATAL / VITEC
FDP-02	Outcome-Based Assessment Rubric Design	August 19-23, 2024	22 Faculty	IQAC VITEC
FDP-03	VLSI System Design using Cadence Tools	September 16-20, 2024	18 Faculty	IEEE CASS / VITEC
FDP-04	Electric Vehicle Powertrain Engineering	November 11-15, 2024	16 Faculty	DST-SERB / VITEC
FDP-05	Advanced Research Writing & Scopus Indexing	December 16-20, 2024	26 Faculty	Research Cell
FDP-06	Smart Manufacturing and Industry 4.0	February 17-21, 2025	20 Faculty	CII Telangana / VITEC

Section 4: Outcome Assessment and Teacher Impact Feedback

Post-training feedback surveys administered across all 18 FDPs indicated a 94.6% satisfaction rating regarding instructor domain expertise, practical relevance, and classroom applicability.

Participant action research plans were submitted to IQAC, demonstrating direct implementation of active learning techniques in semester courses.
