Comprehensive Stakeholder Curriculum Feedback Report 2024-25

Institution: Vidyapath Institute of Technology (VITEC) | Academic Year: **2024-25** | Department: **IQAC**

Document ID: DOC-ACCR-008	**Criterion: Criterion 1**	**Status: ACTIVE**
Subcriterion: 1.4 Feedback System on Institutional Curriculum	**Lead Officer: Dr. Rameshwar Rao, IQAC**	**Approved Date: 2025-04-30**

EXECUTIVE SUMMARY & ACCREDITATION SCOPE

Systematic collection, quantitative analysis, and Action Taken Report (ATR) regarding curricular design and faculty evaluation from students, teachers, employers, and alumni.

Section 1: Curriculum and Faculty Evaluation Analysis

Structured online feedback collected from 2,840 students across all undergraduate branches yielded an overall positive rating of 91.2% for curricular delivery, laboratory experiments, and instructional clarity.

Key positive feedback focused on the introduction of hands-on Python and cloud computing laboratory modules in the second-year core engineering curriculum.

Stakeholder Category	Responses Collected	Overall Satisfaction Rating	Key Recommendations
Students	2,840 Responses	91.2%	More hands-on AI elective projects
Teachers	186 Responses	93.4%	Enhanced seed grants for patenting
Employers	72 Responses	89.6%	Stronger soft skills and agile practices
Alumni	450 Responses	92.1%	Early industry capstone integration
