Program Outcome (PO) & PEO Mapping Review 2024-25

Institution: Vidyapath Institute of Technology (VITEC) | Academic Year: **2024-25** | Department: **Academic Office**

Document ID: DOC-ACCR-049	**Criterion: Criterion 2**	**Status: ACTIVE**
Subcriterion: 2.6 Student Performance and Learning Outcomes	**Lead Officer: Dr. K. S. Murthy, Dean Academics**	**Approved Date: 2025-05-12**

EXECUTIVE SUMMARY & ACCREDITATION SCOPE

Detailed mapping matrices linking engineering courses to 12 Washington Accord Graduate Attributes, Program Specific Outcomes (PSOs), and Bloom levels.

Section 1: Curriculum to Graduate Attribute Correlation

Every syllabus module in the Autonomous R22 curriculum explicitly identifies correlation levels (1-Low, 2-Medium, 3-High) against PO1 through PO12 and department PSOs.

Curricular matrices validated that 92.4% of engineering core courses strongly address modern tool usage, environmental sustainability, and engineering ethics.
